# SCOTT PRINZ MOUNTS

Protect your stamps with the best...  
**The Scott/Prinz Mount**

In order to give you the lowest possible prices and more sizes, we have combined our stock of ScottMounts and Prinz mounts. Both brands are identical and both are manufactured by Prinz in West Germany. Only the package brand labeling is different. Your order may be filled with ScottMounts or Prinz Mounts labeling or a combination of the two but rest assured that they are same quality mount. The Scott/Prinz mounts consist of two sheets of polystyrol foil welded together along top and bottom, with the mount split across the backing foil for insertion of stamp. The black onyx backing (also available in clear backing) is completely opaque for brilliant and sharper framing. The face of the mount is specially diffused to prevent harsh reflections. Two layers of gum assure 100% contact. Many of the mounts come in convenient resealable packaging, providing re-usable storage trays.

- Fast Service:** 99%+ orders shipped within one business day!
- Free Shipping:** On all orders of \$40 or more
- Low Prices:** Compare and see!
- Huge Stock:** We carry a gigantic stock. Out of stocks are a rarity. If we're out of it so is the manufacturer!
- More Sizes:** We have more sizes of Scott/Prinz mounts than any other U.S. source including Scott/Amos! Check our web site for new sizes.

All previous price lists are void. Prices guaranteed until December 31, 2025.

## Mount Scale

### How to use the Mount Scale

Carefully position the stamp along the bottom horizontal base line (above the "0"), with the perforations barely touching that line and roughly centered along the upright bar. The cross line closest to and above the top perforations of the stamp indicates the size mount to be used.

	Stamp Size (mm)	Description and examples of usage	# mounts	Stock #	Retail	Your Price	Qty	Total
